

THANK YOU TO OUR SPONSORS AND VOLUNTEERS

Perry County Commissioners and Perry Job & Family Services

would like to thank the following sponsors and volunteers for their part in the Back to School Bash held on August 12th.

The event is a community collaboration of private, public, non-profit and charitable organizations and individuals coming together around a common goal of fostering a brighter future for the low-income children in our community. Without the support and generosity of this community, this event would not have been possible.
