

SMILES FOR LIFE

When was the last time you had a dental exam?
Do you have a dental problem, but no dental insurance?

The Perry County Health Department and Dr. Gray Hagy are teaming up to help you! A free dental screening day will be held at the Perry County Senior Center for any senior (age 60 and over) who does NOT have dental coverage and cannot pay for dental care.

- Each uninsured senior will receive a free dental screening
- Based on each senior's dental needs, dental care will be provided free of charge (at a later date) to those with the most serious needs first
- This program is funded by a grant and will serve as many people as possible until the grant funds are gone

March 25, 2014

10:00AM

**PERRY COUNTY SENIOR CENTER
520 FIRST STREET, NEW LEXINGTON**

****You MUST pre-register****
